

Bom dia, (Good day in Portuguese)

We took our first mission trip this year to Beira, Mozambique. Let me start by saying, "Wow it was hot and humid!" Lol... See the photo with the men cooling off with their Coke bottles.

Now that I got that out of the way, let me tell you about all the exciting things that did happen while we were there! I have never seen doors open so quickly and favorably before. It was incredible what God did.

Our first day, God opened the door for us to go and visit with the Deputy President of the city of Beira. We shared our heart to see Mozambique transform. We asked him how we could assist and partner with the government to bring change to this war torn poverty stricken nation? He was eager to share.

It didn't end there, but he also told us that he was going to arrange for us to meet with the President of the city, of which we did the following day. The President is the son of missionaries and his heart, love, and passion for the people and the nation was profound. He was also a man with great wisdom and insight. I felt like God has put a David anointing upon him to rule the nation. And I truly believe he will one day soon!

There was no doubt that God was with us every step of the way, on this journey. Later in the year, we look forward to taking a larger team to focus on evangelism and another team that can again meet with the President to discuss business ventures into the economy in Beira.

Muito abrigado and cuidado, (Thank you very much and take care)

Prayer Points

1. In June/July, Every Nation Southern Africa will be launching a church planting school. We are covering the cost of the school for P. Augustine, as we feel it will be of great help to him. But he still needs transport costs to be covered. Please pray for provision for him.
2. Please also pray for P. Beulah to have a healthy pregnancy and birth. They lost their last baby and as expected their loss was greatly felt.
